

Relation Between Addition and Subtraction

For each of the following addition fact write two subtraction facts.

$$2153 + 3615 = 5768$$

- $5768 - 2335 = 3615$
- $5768 - 3615 = 2153$

$$8119 + 1233 = 9352$$

-
-

$$3567 + 3096 = 6663$$

-
-

$$7085 + 2159 = 9244$$

-
-

$$5173 + 2984 = 8157$$

-
-

$$2358 + 5604 = 7962$$

-
-

$$6531 + 2555 = 9086$$

-
-

$$2039 + 3652 = 5691$$

-
-

$$1263 + 33 = 4568$$

-
-

$$6145 + 2715 = 8860$$

-
-
